## Commitment to impartiality

The purpose of this document is to establish the commitment to impartiality of the top management of CERTIMEX, Certificadora Mexicana de Productos y Procesos Ecológicos S.C. in accordance with the organic, agroecological and forestry certification schemes: 7 CFR USDA National Organic Program, European Regulation 2018/848, JAS Organic standards, Mexican Organic Products Law, CERTIMEX standards, NACDMX-002-RNAT-2019 y FSC standards.

CERTIMEX top management recognizes the importance of guaranteeing producers, processors, traders and consumers the performance of product and process inspection and certification activities with competence, independence and impartiality. At the same time, it recognizes its responsibility to conduct certification decisions in the absence of any type of discrimination due to gender, religion, nationality, age, disability, political beliefs, sexual orientation, race, color and in the absence of potential conflicts of interest that may affect interested parties, ensuring at all times the impartiality of the certification process.

CERTIMEX develops a quality system for inspection and certification, adequate to the national context and at the same time equivalent to international requirements with the purpose of making the services economically affordable for the interested parties, but also allowing CERTIMEX to obtain the necessary income to ensure the continuity and independence of its work.

Sincerely

**Ing. Taurino Reyes Santiago**

Executive Director
