1. The physical on-the-spot inspection pursuant to Article 38(3) of Regulation (EU) 2018/848 shall include a traceability check and a mass balance check of the operator or group of operators carried out by means of checks of documentary accounts.

2. The competent authority, or where appropriate, the control authority or control body shall perform the traceability and mass balance check according to the standard template documented in the written record referred to in Article 38(6) of Regulation (EU) 2018/848.

3. For the purpose of the traceability check and mass balance check, the selection of products, groups of products and period under verification shall be made on a risk basis.

4. The traceability check shall cover at least the following elements justified by appropriate documents including stock and financial records:

- (a) the name and address of the supplier and, where different, of the owner or the seller, or the exporter of the products;
- (b) the name and address of the consignee and, where different, of the buyer or importer of the products;
- (c) the certificate of the supplier in accordance with Article 35(6) of Regulation (EU) 2018/848;

▼C1

(d) the information referred to in point 2.1.1 of Annex III to Regulation (EU) 2018/848;

▼B

(e) the appropriate lot identification.

5. Where relevant, the mass balance check shall cover at least the following elements justified by appropriate documents including stock and financial records:

- (a) the nature and the quantities of products delivered to the unit and, where relevant, of materials bought and the use of such materials, and, where relevant, the composition of products;
- (b) the nature and the quantities of products held in storage at the premises;

▼B

- (c) the nature and the quantities of the products that have left the unit of operator or group of operators to the consignee's premises or storage facilities;
- (d) in case of operators who buy and sell the product(s) without physically handling the product(s), the nature and the quantities of products that have been bought and sold, and the suppliers, and where different, the sellers or the exporters and the buyers, and where different, the consignees;
- (e) the yield of the products obtained, collected or harvested over the previous year;
- (f) the actual yield of the products obtained, collected or harvested over the current year;
- (g) the number and/or weight in case of livestock managed over the current and previous year;
- (h) any losses, increase or decrease in quantity of products at any stage of production, preparation and distribution;
- (i) organic or in-conversion products that are sold on the market as non-organic.

*Article 2***Official controls of groups of operators**

1. In order to certify and verify the compliance of a group of operators, the competent authority or, where appropriate, the control authority or control body, shall assign inspectors competent to assess systems for internal controls (ICS).
2. For the purpose of evaluating the set-up, functioning and maintaining of the ICS of a group of operators, the competent authority or, where appropriate, the control authority or control body, shall determine at least that:
 - (a) the documented procedures of the ICS that have been put in place comply with the requirements established in Regulation (EU) 2018/848;
 - (b) the list of members of the group of operators with the required information for each member is continuously updated and aligned with the scope of the certificate;
 - (c) all members of the group of operators comply with the criteria set out in Article 36(1)(a), (b) and (e) of Regulation (EU) 2018/848 throughout their participation in the group of operators;
 - (d) the number, training and competence of ICS inspectors are proportionate and adequate and ICS inspectors are without conflicts of interest;
 - (e) the internal inspections of all members of the group of operators and their activities and production units or premises including purchase and collection centres have been carried out at least annually and are documented;

▼B

- (f) new members or new production units and new activities of existing members, including new purchase and collection centres, have been accepted only after they have been approved by the ICS manager on the basis of the internal inspection report according to the ICS documented procedures that have been put in place;
- (g) the ICS manager takes appropriate measures in case of non-compliance, including their follow up, according to the ICS documented procedures that have been put in place;
- (h) the ICS manager's notifications to the competent authority or, where appropriate, the control authority or control body, are appropriate and sufficient;
- (i) the internal traceability for all products and members of the group of operators is ensured by estimating quantities and by cross-checking the yields of each member of the group of operators;
- (j) the members of the group of operators receive adequate training on the ICS procedures and the requirements of Regulation (EU) 2018/848.

3. The competent authority or, where appropriate, the control authority or control body, shall apply risk assessment to select the sample of the members of the group of operators for the re-inspections in accordance with Article 38(4)(d) of Regulation (EU) 2018/848. In doing so, it shall take into account at least the volume and the value of the production and the assessment of the likelihood of non-compliance with the provisions of Regulation (EU) 2018/848. Re-inspections shall be carried out physically on the spot with the presence of the members selected.

4. The competent authority or, where appropriate, the control authority or control body, shall allocate reasonable time for the control of a group of operators, proportional to the type, structure, size, the products, the activities and output of organic production of the group of operators.

5. The competent authority or, where appropriate, the control authority or control body, shall carry out witness audits in order to verify the competence and knowledge of ICS inspectors.

6. The competent authority or, where appropriate, the control authority or control body, shall assess whether there is a failure of the ICS based on the number of non-compliances undetected by the ICS inspectors and the result of the investigation of the cause and the nature of the non-compliances.

*Article 3***Entry into force and application**

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 1 January 2022.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
